Manufacturers of

PIG-IRON	BEAMS	OVAL-IRON
BAR-IRON	ANGLE-IRON	HALF-ROUND
RAIL ROAD-IRON	T-IRON	BAND-IRON & c.

Particular attention will be given to the Manufacture of extra large sized iron, including flat, round & square, as well as extra shapes of iron such as is required in Bridge & Vessel building.

We are adding to our works, and are putting in large trains to enable us to produce iron of very large section. Our rail train is extra large, (the largest in the United States,) enabling us to roll piles of double the section that can be rolled in ordinary rail mills. We produce our own pig iron, and from our position command the finest ores in the country, which in connection with the size of our rail train, enables us to produce rails of uniform and superior quality.

In our Merchant Mills we shall be enabled to roll solid beams and girders as deep as 15 inches; flat bar iron as wide as 12 inches, and round iron as large as 7 inches in diameter; other shapes of proportionate sizes. Our Merchant iron trains will consist of one train of rolls 8 inches, one do. 12 inches, and one do. 21 inches in diameter, the latter train capable of producing bars of one and one-half tons weight each, going down, in the smaller trains, to the smallest sizes used.

SPECIAL NOTICE.

The annual progress in the varied business interest of the Commercial Emporium and Capitol of our State, demands increased labor, and corresponding improvement in each successive number of the City Directory. Our patrons will bear us witness that at no previous period in our history, has the improvement in every branch of business been more marked than during the past year. Increasing with regularity and rapidity since about 1850, the progress since 1862 has been almost unparalleled in the history of any other inland American city. In proof of our rapid advance in population, we need only refer to the fact, that the present number of the City Directory contains about fifteen hundred more names than the Directory for 1864, issued one year since. These names, it must be remembered, embrace householders, heads of families, and business names and firms *only*. From this data it will be safe to presume that Indianapolis received an accession to her entire population, during the past year, of about twenty per cent.

In canvassing the city and collecting matter for the present number, our canvassers have visited every house and place of business, and, in many instances, repeated calls have been made, for the purpose of perfecting, as far as possible, the details for this work. In its publication and delivery we have been unavoidably detained by the re-numbering of the city, which was not entirely completed at the date of our canvass. Where numbers do not occur, we have designated locations by streets and blocks, to obviate this difficulty as far as possible.

Strangers, and others, who visit our city for business purposes, will find the most extensive establishments, in all the various branches, very fully represented in our advertising pages. For the liberal patronage extended us, our advertisers and subscribers have placed us under grateful obligations.

That our next annual issue in January, 1866, may truthfully record an era of enlarged manufacturing facilities, with rapid strides in commercial greatness,—in short, another year of unexampled prosperity in all the business relations of our city, is the desire of

SEWING MACHINES,

AWARDED THE HIGHEST PREMIUMS AT THE

Worlds Fair, London 1862,

Where all the Sewing Machines of Europe and America were in competition.

ALSO, AT THE

INDUSTRIAL EXHIBITION, PARIS, FRANCE,

And at every UNITED STATES FAIR

At which Sewing Machines have been exhibited.

UPWARDS OF

200,000 MACHINES SOLD IN THE UNITED STATES,

REPORT OF AMERICAN INSTITUTE, NEW YORK:

"This Sewing Machine makes the 'LOCK STITCH,' and ranks highest on account of the elasticity, permanence, beauty and general desirableness of the stitching when done, and the wide range of its application."

It will STITCH, HEM, FELL, QUILT, BIND, TUCK, PLAIT, GATHER, CORD and BRAID, without any previous basting. Its SPEED is unrivalled, while it is almost NOISELESS in operation. The NEW IMPROVEMENTS recently added, and its adaptability for all kinds of Sewing, renders it the most successful and popular

SEWING MACHINE

NOW OFFERED TO THE PUBLIC.

WARRANTED THREE YEARS!

CUSTOMERS RISK NOTHING IN PURCHASING.

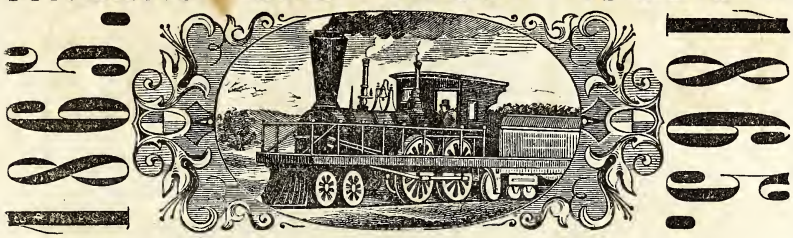
Atlantic and Great Western



RAILWAY.

NEW BROAD GAUGE

Passenger, Freight, Mail, Express and Telegraph Route.

Connecting at Salamanca, N. Y., with the Erie Railway, forms a continuous Six Feet Track from New York to Akron or Cleveland.

On and after Monday, November, 16, 1864, through Passenger and Freight Trains will be run regularly between

CLEVELAND AND NEW YORK.

NEW AND IMPORTANT PASSENGER ROUTE.

FARE AS LOW AS BY ANY OTHER ROUTE.

Baggage Checked Through.

Passengers by this line have choice of five different Routes between New York and Boston. Through Tickets can be obtained at any of the offices of the Erie Railway, and all Ticket offices of connecting Lines West or South-west; also, at the Central Ticket office under the Weddell, House, Cleveland, Ohio.

☞ Ask for Tickets via the Atlantic & Great Western and Erie Railways.

Passenger Trains stop at Meadville thirty minutes, giving passengers ample time to dine at the "McHenry House," the best Railway Hotel in the country.

NEW AND EXPEDITIOUS FREIGHT LINE---ALL RAIL.

No transhipment of Freight between New York and Akron or Cleveland. Merchants in the West and Southwest will find it to their advantage to order their goods to be forwarded via the Erie and Atlantic & Great Western Railways, thus saving trouble and expense. Rates of Freight as low as by any other all rail route. Especial attention will be given to the speedy transportation of Freight of all kinds, East or West.

The Engines, Cars and other equipments of this Company are entirely new, and of the most improved modern style.

The only direct Route to the wonderful Oil Regions of Pennsylvania, via Meadville or Corry.

From Leavittsburgh, the Mahoning Branch runs to Youngstown and the Coal Mines. This Road is extended, and in complete running order to Galion, Urbana, Dayton and Cincinnati without break of Gauge.

W. C. NEVIN, Manager at Pittsburg.

We would respectfully call the attention of the business public to the fact that we issue semi-annually, January and July,

BRADSTREET'S COMMERCIAL REPORTS,

Containing the names and standing of all parties doing a regular business in the United States and British provinces.

Volume Sixteen,---To be issued January 10, 1865, will contain the names and Business Credit of upwards of 350,000 Merchants, Bankers, Traders and Manufacturers, and no pains have been spared to make it the most complete, reliable and convenient Book of Reference in existence. As such we can now confidently recommend it.

For the accommodation of the Western Trade we will publish in a separate volume, reports of Pennsylvania (not Philadelphia), Western New York, Maryland, District of Columbia, and all the Western States and British Provinces. This volume, to many, will be as valuable as the full edition, while the cost will be much less.

Full particulars as to terms, etc., will be given upon application by mail or otherwise.

PURDY'S
Actual Business College,

Ætna Building, North Pennsylvania Street,

INDIANAPOLIS, IND.

For the Education of Ladies and Gentlemen in all that
PERTAINS TO ACTUAL BUSINESS LIFE.

The object of this Institution is to qualify Young Men in a thorough and practical manner for the Counting Room, and business pursuits in general.

THE COURSE OF INSTRUCTION

Now introduced in this College is destined to outrival all other methods of teaching now in use, and is founded upon the motto, "Teach young men at School what they will be required to perform when engaged in the active pursuits of life."

This institution has arrangements and facilities for giving young men such an education.

PURDY'S New System of Theoretical Book-Keeping, acknowledged to be the best ever published in this country or Europe, and secured to him by copy right, fits the student for the actual business department in an almost incredible short space of time. In the

ACTUAL BUSINESS DEPARTMENT

Is represented in practice, Wholesale, Retail, Individual Partnership, Compound Company Partnership, Jobbing, Forwarding and Commission, Shipping, Manufacturing, Railroading, Steamboating, Banking, &c. The "College Bank" is a Bank of Issue, and has a capital of one million dollars, and in it the student is taught the actual duties of First Teller, Second Teller, Note Teller, Discount Clerk, Book-Keeper, Cashier, and President, as though he was in the actual business world. The currency of the bank affords cash capital for the students of the College; merchandise and other kinds of property being represented by scrip.

PENMANSHIP

IS TAUGHT BY THE BEST PENMAN IN THE WORLD.

LECTURES

Will be given upon all subjects pertaining to business.

Phonography and Telegraphing

Will be taught in a thorough manner, by competent teachers, to those who desire it, at extra charge.

TIME OF ENTRANCE.

As there is no class systems, students may enter at any time, and complete the entire course in from six to twelve weeks, as each student is taught separately, which much facilitates his progress.

For further information call at the College rooms, or address (with stamp enclosed,) the Principal,

WM. PURDY.
